NOTICE

(Information to Equity Shareholders of the Company)

Shareholders are hereby informed that pursuant to the provisions of Rule 6 of Investor Education and Protection Fund Authority (IEPF) (Accounting, Audit, Transfer & Refund) Rules, 2016 as amended from time to time, the dividend declared during the financial year 2017-18 i.e, on July 18, 2018, which remained unclaimed for a period of seven years, will be due for transfer to IEPF. The Company will not transfer such shares to the IEPF where there is a specific order of Court/ tribunal restraining any transfer of such shares or where the shares are hypothecated/ pledged under the Depositories Act, 1996.

The corresponding shares on which dividend was unclaimed for seven consecutive years will also be transferred as per the procedure set out in the said Rules read with amended Rules, 2021.

In compliance of the said Rules, the Company has communicated individually to the concerned shareholders and the details of such shares liable to be transferred to IEPF are also made available on our website. Shareholders concerned may refer to 'Investor' page on our website: www.canfinhomes.com to verify their Name, folio/DPID-Client ID and unclaimed dividend amount. Shareholders are requested to claim the dividend declared during the financial year 2017-18 and subsequent years, if any, by July 20, 2025 before the same is transferred to the IEPF.

Concerned shareholders holding shares in physical form and whose shares are liable to be transferred to IEPF, may note that the Company would be issuing a new share certificate(s) in lieu of the original held by them for the purpose of transfer of shares to IEPF and upon such issue, the Company shall inform the depository by way of corporate action to convert the new share certificates into DEMAT form and transfer in favour of IEPF Authorities. The original share certificate(s) which are registered in the name of original shareholders will stand automatically cancelled and be deemed non-negotiable. Concerned shareholders holding shares in dematerialized form may note that the Company shall inform the depository by way of corporate action for transfer of shares in favour of the DEMAT account of the IEPF Authority.

In case the Company does not receive any communication from the concerned shareholders, by July 20, 2025, the Company will be constrained to transfer the Dividend 2018 amounts to the IEPF by the due date in compliance of the said rules. The corresponding shares on which dividend is unclaimed for seven consecutive years shall also be transferred without any further notice.

Please note that no claim shall lie against the Company in respect of unclaimed dividend amount and shares transferred to IEPF. Shareholders may claim the dividend and corresponding shares transferred to IEPF including all benefits accruing on such shares, if any, from the IEPF authorities after following the procedure prescribed in the Rules.

For any queries on the above matter, please contact the Company's Registrar & Share Transfer Agents, Mr. Harish K. Chief Manager at M/s Integrated Registry Management Services Private Limited., Tel: +91-80-23460815-818 or send e-mail to irg@integratedindia.in or investor.relationship@canfinhomes.com

Buyers turn to digital gold

"GOLD (overall) also outshone every asset class in 2024 with returns of over 21%, and a further 25% in 2025 YTD," added Chaterji. SafeGold boasts over 55 million customers across its own platform as well as its banking, fintech and consumer partners like Axis Bank, PhonePe, Amazon, Tanishq, and Jio Financial Services, among others. "We also have international operations in the UAE with Liv, and in Thailand with TrueMoney and others. We did over ₹6,500 crore revenue in the previous financial year," added Chaterji.

As per reports, customers can buy digital gold through about 100 apps operating currently, including those of jewellers, but the backend operations are managed by only a handful of institutions like MMTC-PAMP, SafeGold and Augmont. These platforms store the real, physical gold, which back the digital gold that customers invest, in highly secure vaults.

But why is digital gold becoming so popular? "Customers can buy from ₹10 and choose to sell their gold at any time, opt for delivery of a coin (0.5 gm and above) or lease their gold for yield. We have a small mark-up of ~2.6% built into the purchase price, which keeps our gold rates the most competitively priced for 24K 99.99 gold," said Chatterji of SafeGold.

According to Guha of MMTC-PAMP, digital gold offers the best of both worlds – traditional trust in gold and modern convenience through apps and online platforms. "With just a few clicks, people can now start investing in 24K gold. At MMTC-PAMP, we proudly offer our customers 99.99%+ purest

Place: Nanded

Date: 20/06/2025

gold, backed by Swiss craftsmanship and positive weight tolerance," he added.

Leading this shift to digital is the younger population. As per a survey conducted by Moneyview, a fintech company, in October last year, as many as 65% of millennial respondents said they preferred digital gold over physical gold. At least 75% of the respondents under 35 years favoured digital gold, citing liquidity and convenience, the survey noted.

There is a word of caution, though.While physical gold is regulated by standard gold markets, digital gold is not yet fully regulated by the government. This means there might be risks if the provider shuts down or faces legal issues. "It's a risky product with no regulation and regulator. Investors need to be extra cautious before investing. If the government effects any regulation, investors might get surprised with their investment," said a spokesperson of the India Bullion and Jewellers Association. However, digital gold providers allay any such fears. "While questions around safety and regulation are natural in any growing industry, the key lies in choosing a

credible and transparent provider. At MMTC-PAMP, every rupee of digital gold is backed by 24K 99.99%+ purest gold, securely stored in our security vaults. As the only London Bullion Market Association (LBMA)-accredited precious metals refinery in India, we ensure globally certified quality and purity," said Guha of MMTC-PAMP. According to Chaterji,

SafeGold follows the World Gold Council's Internet Gold Standards, and has created an entire framework around protecting customer gold and keeping it safe. Its gold is stored in a vault managed by Brinks (the world leaders in the space), with Vistra Corporate Services acting as a trustee administrator to provide oversight and safeguard customer interests. "Even in the absence of a

regulatory framework, our customers can be sure of every rupee worth of gold bought at SafeGold, and we are unique even among other digital gold platforms, in having daily level checks. Overall, we look forward to working with any future regulation in respect of digital gold and are confident that our standards are best in class," added Chaterji.

Israel strikes Iranian facility

INTERNATIONAL Atomic Energy Agency confirmed the latest attack. Iran launched a new wave of drones and missiles at Israel but there were no immediate reports of

significant damage. The Magen David Adom rescue service said a drone hit a twostory building in northern Israel, with no casualties. The Israeli official called it

a "small barrage" that was largely intercepted by Israel's defenses. The official estimated that Israel's military has taken out more than 50% of Iran's launchers. "We're making it harder for them to fire toward Israel,"he said."Having said all that, I want to say the Iranian regime obviously still has capabilities."

The Israeli military's chief spokesman, Brig Gen Effie Defrin, later said Chief of Staff Lt Gen Eyal Zamir told the army to be prepared for a "prolonged campaign." Iran says US military involvement would be'dangerous' US President Donald Trump is weighing active US military involvement in the war. On Saturday, Iranian foreign minister Abbas Araghchi said, "I think that it would be very, very dangerous for everyone."

He spoke on the sidelines of an Organization of Islamic Cooperation meeting in Turkey. Barring a commando raid or even a nuclear strike, Iran's underground Fordo uranium enrichment facility is considered out of reach to all but America's "bunker-buster" bombs. Trump said he would put off his decision on military involvement for up to two weeks.

The war erupted June 13, with Israeli airstrikes targeting Iran's nuclear and military sites, top generals and nuclear scientists.At least 722 people, including 285 civilians, have been killed in Iran and more than

HOUTHIS THREATEN TO RESUME ATTACKS ON US

PRESS TRUST OF INDIA Tel Aviv, June 21

IRANIAN-backed Houthi rebels in Yemen have threatened to resume attacks on US vessels and warships in the Red Sea if the Trump administration joins Israel's military campaign against Iran. Saturday's threat came

in a prerecorded video

statement by Houthi military spokesman Brig. Gen. Yahya Saree. "In the event of American involvement in the attack and aggression against Iran with the Israeli enemy, the armed forces will target its ships and warships in the Red Sea," Saree said. US President Donald Trump is weighing active US military involvement in the war.

2,500 wounded, according to a Washington-based Iranian human rights group. One Tehran resident, Nasrin, writhed in her hospital bed as she described how a blast threw her against a wall in her apartment. "I've had five surgeries. I think I have nothing right here that is intact," she said Saturday. Another resident, Shahram Nourmohammadi, said he had been making deliveries when "something blew up right in front of me"at an intersection.

Iran has retaliated by firing more than 450 missiles and 1,000 drones at Israel, according to Israeli army estimates. Israel's multitiered air defenses have shot down most of them, but at least 24 people in Israel have been killed and hundreds wounded.

Iran has long maintained its nuclear programme is for peaceful purposes, but it is the only non-nuclear-weapon state to enrich uranium up to 60% a short, technical step away from weapons-grade levels of 90%. Israel is widely believed to be the only Middle Eastern country with a nuclear weapons program but has never acknowledged it.

Israeli Prime Minister Ben-

jamin Netanyahu has said Israel's military operation will continue"for as long as it takes" to eliminate what he called the existential threat of Iran's nuclear programme and ballis-

tic missile arsenal. Talks in Geneva on Friday failed to produce a break through. European officials expressed hope for future discussions. Iran's foreign minister said he was open to further dialogue while emphasising that Tehran had no interest in negotiating with the US while Israel continues to attack.

"Iran is ready to consider diplomacy once again, and once aggression is stopped and the aggressor is held accountable for the crimes committed," he told reporters.

Anationwide internet shutdown has been in place for sev eral days. More attacks on Iranian military commanders Israel's opening attack killed three of Iran's top military leaders: one who oversaw the armed forces, Gen Mohammad Bagheri; one who led the paramilitary Revolutionary Guard, Gen Hossein Salami; and the head of the Guard's ballistic missile programme, Gen Amir Ali Hajizadeh.

Air India under fire from DGCA

The notice stated that the "accountable manager has failed to ensure adherence" and has sought a response from the airline within seven days. Earlier in February, the Delhi High Court had directed the DGCA to strictly adhere to its committed timeline for implementing revised norms on duty and rest hours for pilots, which are set to begin in phases starting July 1 this year. The revised civil aviation

requirement (CAR 2024) increases the minimum weekly rest period from 36 to 48 hours and restricts night operations to a maximum of two landings.

These changes are aimed at addressing growing concerns over pilot fatigue and ensuring airlines implement safer duty schedules. The regulator's phased implementation plan, detailed in an affidavit submitted in February, was finalised after consultations with pilot associations, airline operators, and the ministry of civil aviation.

आपत्ती व्यवस्थापकाने

संपा<u>दक</u>ीय

सतर्क राहावे... बऱ्याच वेळा आपल्याला आपत्ती व्यवस्थापन म्हणजे काय हेच माहिती नसते . तेव्हा आपत्ती व्यवस्थापन म्हणजे नैसर्गिक किंवा मानवनिर्मित आफ्तींमुळे होणाऱ्या धोक्यांपासून संरक्षण करण्यासाढी केलेली उपाययोजना . यात आपत्ती येण्याआधी तयारी करणे, आपत्ती आल्यावर तातडीने प्रतिसाद देणे आणि आपत्तीनंतर पुनर्बांधणी करणे यासारख्या गोष्टींचा समावेश होतो . तेव्हा सध्या पावसाळा सुरू आहे . राज्यात मुसळधार पाऊस पडत असल्याने जनजीवन विस्कळीत झाले आहे . यात काही दिकाणी दर्घटना घडन मनष्यहानी झाल्याने अनेकांचे संसार उदध्वस्त झाले आहेत . अजून बराच पावसाळा बाकी आहे . तसेच पावसाच्या पाण्याच्या पुरामुळे अनेकांचे नुकसान झाले आहे . यामुळे राज्यातील प्रत्येक जिल्ह्यामधील आपत्ती व्यवस्थापकाने सतर्क राहण्यासाठी थोडक्यात घेतलेला आढावा . पुणे जिल्ह्यातील मावळ तालुक्यामधील कुंडमळा या ठिकाणी इंद्रायणी नदीवरचे लोखंडी पूल १५ जून, २०२५ रोजी दुपारी ३ .३०च्या सुमारास कोसळले जवळजवळ ३० वर्षांपूर्वीचे हे जुने पूल होते. त्याआधी २ ऑगस्ट, २०१६ रोजी रायगड जिल्ह्यातील महाड-पोलादपूर दरम्यान रात्री 99.3०च्या सुमारास सावित्री नदीवरील पूल मुसळधार पावसात वाहून गेले. या आपल्या राज्यातील मागील दहा वर्षांतील अतिशय दोन दुर्दैवी दुर्घटना आहेत . यात निरपराध पर्यटक आणि प्रवाशांना आपल्या जीवाला मुकावे लागले आहे . सावित्री नदीवरील पूल वाहून गेल्यानंतर ताबडतोब राज्यातील सर्व पुलांचे स्ट्रवचरल ऑडिट करण्याचे आदेश तत्कालीन मुख्यमंत्री देवेंद्र फडणवीस यांनी दिले होते . आता सुद्धा राज्याचे उपमुख्यमंत्री एकनाथ शिंदे यांनी सुद्धा पुलांचे स्ट्रक्चरल ऑडिट करण्यांचे आदेश दिले आहेत मग मागील वहा वर्षांत किती पुलांचे स्ट्रक्चरल ऑडिट करण्यात आले. जर झाले असते तर मागील रविवारी पन्नासहून अधिक पर्यटक जखमी आणि चार पर्यटकांना आपल्या जीवाला कायम मुकावे लागले असते का? ही आपल्या राज्यातील अतिशय दुर्दैवी घटना आहे . तेव्हा राज्यातील आपती व्यवस्थापकांनी सतर्क राहाणे गरजेचे आहे , जर त्या दिकाणच्या आपत्ती व्यवस्थापकांनी वेळीच दखल घेतली असती तर असा प्रसंग घडला नसता . आता आपत्ती व्यवस्थापकांनी सुद्धा पुलावर गर्दी किंवा वाहनचालकांमध्ये वाद होणार नाही याची काळजी घ्यावी लागेल . या दोन कारणांमुळे हे पूल कोसळल्याचे त्या ठिकाणचे स्थानिक रहिवासी गणेश पवार सांगतात. तर सावित्री नदीच्या पुलाशेजारी वास्तव्याला असणारा सुरज कुमार यांनी जे धाडस दाखविल्यामुळे अनेक वाहने व प्रवासी बचावले. म्हणजे दोन्ही दुर्दैवी ज्या घटना घडल्या त्याचे प्रथमदर्शनी साक्षीदार गणेश पवार (इंद्रायणी नदी) व सुरज कुमार (सावित्री नदी) आहेत . सध्या राज्यात पावसाचा जोर सुद्धा वाढत आहे . त्यामुळे नदीनाले तुडुंब भरून वाहत असल्यामुळे आपत्ती व्यवस्थापकांनी अधिक सतर्क राहाणे गरजेचे आहे मागील दहा ते पंधरा वर्षांचा राज्यातील पुराचा अनुभव लक्षात घेऊन प्रत्येक जिल्ह्यातील पूर परिस्थितीचा सामना करण्यासाठी आपत्ती व्यवस्थापकाने सतर्क राहाणे गरजेचे आहे . तशा सूचना त्यांना प्रत्येक जिल्ह्याच्या प्रशासनाकडून दिलेल्या आहेत. मागील एक महिना आपत्ती व्यवस्थापकांनी रंगीत तालीम सुद्धा केलेली आहे . त्यामुळे त्यांना काहीसा अनुभव आलेला आहे . त्यात पुण्याची घटना ताजी आहे . मात्र रंगीत तालीम आणि प्रत्यक्ष पुराचा सामना करणे म्हणजे तारेवरची कसरत असते . तेव्हा आपत्ती व्यवस्थापकाच्या दृष्टीने पावसाळ्याचे चार महिने अतिशय महत्त्वाचे असतात . डोळ्यांत तेल घालून आपली जबाबदारी पार पाडायची असते . यात घड्याळाच्या काट्याकडे लक्ष देवायचे नसते तर आकाशाकडे लक्ष ठेवायचे असते . मागील वर्षाची पूरपरिस्थिती लक्षात घेऊन त्यांना कामाचे नियोजन करावे लागेल . त्याचप्रमाणे वेधशाळेचा अंदाज घ्यावा लागेल . कारण पाऊस आणि आपत्ती व्यवस्थापन यातील महत्त्वाचा दुवा म्हणजे वेधशाळा आहे . ज्यादिकाणी परस्थिती निर्माण होते त्यादिकाणी टोस उपाय सुर्चविले गेले पाहिजेत. ते सुद्धा स्वतःचा जीव सांभाळून. कारण पाऊस केव्हा आपले रुदरूप धारण करील हे समजणार सद्धा नाही . तेव्हा आपत्ती व्यवस्थापकानी गाफील राहू नये . ज्याठिकाणी पूरपरिस्थिती निर्माण होते त्याठिकाणी स्थानिक पथक स्थापन करावे कारण त्या परिसरातील अधिक माहिती त्यांना असते . ते स्थानिक व अनुभवी असल्यामुळे तातडीने योग्य ती काळजी घेऊ शकतात . त्यासाठी त्यांना योग्य तो मोबदला दिला गेला पाहिजे . म्हणजे नैसर्गिक आपत्तीपासून नागरिकांना संरक्षण मिळेल . पावसाळ्यात दर वर्षी आपल्या राज्यात पूर आल्याने अनेकांना नैसगिक संकटांना सामोरे जावे लागते . अनेकांचे संसार उद्ध्वस्त होतात . अशात शासकीय यंत्रणांची धावपळ सुरू होते. त्यांचे काम युद्धपातळीवर सुरू होते आणि काही दिवसाने थांबते. पूरग्रस्तांना शासकीय मदत सुद्धा जाहीर होते. असे अनेक वर्षे चालत आले आहे . तेव्हा अशा पूरग्रस्त भागात आपती व्यवस्थापनाने योग्य उपाय सुचवून त्याची तत्काळ अंमलबजावणी होणे आवश्यक आहे . कारण दरवर्षी पुरात निरपराध माणसे व मुके प्राणी यांचा हकनाक जीव जातो . हे थांबणे गरजेचे आहे . अशा वेळी नागरिकांनी सुद्धा संयम राखणे गरजेचे आहे . तेव्हा पावसाळ्यातील राज्यातील पूरपरिस्थितीचा अभ्यास केल्यास प्रत्येक जिल्ह्यातील आपत्ती व्यवस्थापकाने सतर्क राहावे ही पावसाळ्यातील नागरिकांची खरी गरज आहे
